Animal Scents™ Pet Shampoo Code #5167; Animal Scents™ Pet Ointment Code #5165

Animal System Supported

Skin and fur, immune

Benefits

Have you been shampooing your pet with engine degreaser? The detergent, sodium lauryl sulfate (SLS), is found in almost every shampoo because of its foaming and cleaning ability. The Journal of the American College of Toxicology reports that SLS can damage the immune system and the FDA says it is a potent carcinogen when contaminated with nitrosamines. Now your pet can enjoy gentle, thorough cleansing in Young Living's new Animal Scents™ Pet Shampoo with no toxic ingredients and pure therapeutic-grade essential oils. And does your vet prescribe harmful drugs and antibiotics for wounds? Your pet will find healing with Young Living's essential oil-enhanced Animal Scents™ Pet Ointment. Let the healing, cleansing power of essential oils and wholesome herbs keep your family pet squeaky clean and in optimal health.

Ingredients

Shampoo: Demineralized water; saponified oils of coconut and olive; Animal Scents Shampoo Essential Oil Complex [citronella (*Cymbopogon nardus*), lavandin (*Lavandula x hybrida*), lemon (*Citrus limon*), geranium (*Pelargonium graveolens*), and spikenard (*Nardostachys jatamansi*)]; vegetable gum, aloe vera and rosemary extract.

Ointment: Mink oil, lecithin, beeswax, lanolin, sesame seed oil, rosewood essential oil (*Aniba rosaedora*), and wheat germ oil, and the pure essential oils of palmarosa (*Cymbopogon martinii*), geranium (*Pelargonium graveolens*), patchouli (*Pogostemon cablin*), Idaho balsam fir (*Abies balsamea*), myrrh (*Commiphora myrrha*), carrot seed oil (*Daucus carota*), *Melaleuca alternifolia*, and rose hip seed.

How to Use

Shampoo: Massage thoroughly into pet's wet coat. Lather. Rinse thoroughly. Repeat if necessary. **Ointment:** Clean the affected area. Apply as needed. If using YL essential oils, apply oil(s) prior to application of Animal Scents™ Ointment.

Directions/Precautions

Store in a cool dry place. Do not expose to excessive heat. Keep out of reach of children. For external use only.

Historical Information

Pets are also exposed to dangerous petrochemicals—even running across a lawn that has been chemically treated can be harmful. Too many pet products are simply a chemical stew and may trigger allergies and other side effects. Minimize these environmental pollutants by choosing all-natural pet products. Animal Scents™ Pet Shampoo and Pet Ointment will cleanse and heal your pet without the use of harsh chemicals and harmful drugs.
